THE FIRST THANKSGIVING DINNER.

Indian Chiefs Hospitably Entertained by Pilgrim Fathers.

The first Thanksgiving was appointed by Governor Bradford, at Plymouth, Massachusetts, in 1621, the year following the landing of the Pilgrims, in order that the Colonists in a more special way could rejoice together at having all things in good and plenty, writes Clifford Howard in the November Ladies' Home Journal. In preparation for the feast "gunners were sent into the woods for wild turkeys, which abounded there in great numbers; kitchens were made ready for preparing the feast—especially the large one in Dame Brewster's house, which was under the immediate direction and charge of Priscilla Molines, she who afterward became the wife of John Alden—while a messenger was dispatched to invite Massasoit, the chief of the friendly tribe, to attend to celebration.

"Early on the morning of the appointed Thursday—about the first of November—Massasoit and ninety of his warriors arrived on the outskirts of the village, and with wild yells announced their readiness to enjoy the hospitality of their white brethren. The little settlement, which now consisted of seven dwellings and four public buildings, was soon astir with men, women and children, who gave the Indians a hearty welcome as they filed into the large square in front of the Governor's house. Soon the roll of a drum announced the hour of prayer, for no day was begun without

this religious service. Then followed a holiday of feasting and recreation, which continued not only that day but during the two succeeding days. The usual routine of duties was suspended; the children romped about in merry play; the young men indulged in athletic sports and games in friendly rivalry with the Indians; the little American army of twenty men, under the leadership of Miles Standish, went through its drill and manual of arms, to the great delight and astonishment of the natives, while the women busied themselves in the careful preparation of the excellent meals, which were eaten in the open air."

Indigestive poisons are the bane of the dyspeptic's life. When sick, see if your sickness is caused by indigestive poisons. If so, take Shaker Digestive Cordial. This is the only certain way of being permanently cured, because it is the only way that gets rid of the poisons. You know that poison is unhealthy. Shaker Digestive Cordial clears the stomach of fermenting food, and purifies the blood and system of indigestive poisons. It cures indigestion and the diseases that come of it. Headache, dizziness, nausea, stomach-ache, weakness, flatulence, constipation, loss of appetite, irritability, etc. These are a few of the symptoms, caused by indigestive poisons, cured by Shaker Digestive Cordial.

At druggists, price 10 cents to \$1 per bottle.

Cheap Pianos

built on the patchwork plan, cases made at one place, works at another, then thrown together by a self-styled "manufacturer," are offered daily at prices so ridiculous, as to convince any intelligent person of their utter worthlessness. In marked contrast are our

Low Priced Pianos

which are remarkable for tone, touch, finish and durability as well as price. Come and hear them, and investigate not only the instruments but also our plan of easy payments.
